PROFILE

Software Engineering student specializing in AI at Addis Ababa University with a CGPA of 3.6, recognized for strong academic performance. Full-stack developer proficient in Python, JavaScript, Node.js, React, and NestJS, with foundational knowledge in Java. Skilled in machine learning and data science, and continuously enhancing problem-solving abilities through LeetCode challenges. Eager to apply technical expertise and analytical skills to contribute to innovative software and AI projects.

EDUCATION

2022 - 2027

Addis Ababa
University

Bachelor Software Engineering

- Currently studying software engineering
- GPA: 3.6

2025

10 Academy

Machine learning and data science

- Artificial Intelligence, Machine learning, Data science

EXPERIENCE

2025

Hackathon , Hercommerce

- Worked collaboratively in a high-pressure setting to develop functional solutions.

2025

Frontend Intern, Kuraz
Technologies

- Completed a successful frontend development internship, collaborating with a professional engineering team.

2025

Annotate Plus

- Completed hands-on training and certification in Annotate Plus tooling and workflow

SKILLS

- Web development and Mobile App Development
- Frontend technologies: React, Next.js, HTML, CSS
- JavaScript proficiency, Node.js and Nest.js
- Python for data science, Machine learning
- MySQL and MongoDB database management
- Tools: MySQL, Git, GitHub, Prisma, MongoDB, Postgress,

- Collaboration
- Problem Solving
- Leadership and teamwork
- Communication effectiveness

CERTIFICATES

- Frontend Developer Internship Certificate - Kuraz Technologies
- Data Structures Certification - Skillbridge
- Annotate Plus certificate from R & D group
- HerCommerce Hackathon Program 2025 (Certified)
